The bad news is...time flies.  
The good news is...you're the pilot.

They may forget what you said, but they will never forget how you made them feel.

Be yourself. The world worships the original.

The road to success is not straight  
There is a curve called Failure,  
a loop called confusion,  
speed bumps called Friends,  
red lights called Enemies, and  
caution lights called Family  
But if you have a spare called Determination,  
an engine called Perseverance,  
insurance called Faith, and  
a driver called Jesus,  
you will make it to a place called Success!!
