Make your Life the Best it can

Each new day is a blank page in the diary of your life. The pen is in your hand, but the lines will not all be written the way you choose, some will come from the world and the circumstances that surround you. The secret of life is in making your story as beautiful as it can be. Write the diary of your days and fill the pages with words that come from the heart. As the pages take you through time, you will discover paths that add to your happiness and your sorrows, but if you can do these things there will always be hope in your tomorrows. Follow your dreams. Work Hard. Be Kind. This is all anyone can ask. Do what you can to make the door open on a day.....that is filled with beauty in some special way. Remember goodness will reward. Smiles will pay you back. Have fun. Don't focus on the things you lack. Realise that people are the treasures in Life - and happiness is the real wealth. Have a diary that describes how you did your best and the rest will take care of its self.
