### THE BODY AND BLOOD OF CHRIST

Today we celebrate the Feast of Corpus Christi. It is a unique opportunity for each of us to reflect on how we approach the Lord when we come to receive the Body and Blood of Christ and to ask does it make a difference in our lives that we receive Holy Communion on a regular basis. The following is a wonderful example of one man who really valued Holy Communion. After many years of distinguished service to one of our great Irish Hospitals, a surgeon was retiring and a special gathering was held to mark the event. As part of the tribute to him a plaque was unveiled bearing a replica of his hand. Many speeches were made praising the surgeon's skill, then it came to his turn to say a few words. He noted how many references had been made in the tributes to the skill of the surgeon's hand. But he pointed out the hand itself was controlled by the mind and then he added something like this: "But behind the dexterity of the hand and the alertness of the mind there had to be a gentle touch coming from the heart, a real compassion for one's patients. Each and everyday I felt my heart and life was touched and blessed by the beautiful gift of Holy Communion". Hand, head and heart and for each of us as well as surgeons, the greatest of these is heart. And when the heart is moved and touched by Holy Communion, we are living life as God intended us to do.
