Season of Creation

As we celebrate the Season of Creation this year, we are asked to stop and think about the type of world we want to return to when this crisis has passed. As a human family, we cannot be healthy if the planet is not healthy. I would like to invite you to think about how we might better take care of our common home and how we might join with others to protect life and the Earth that God has created and has given us to care for. Each week during this Season and beyond we can also try to do small actions such a walking or cycling more, watching our energy use, sorting out our recycling, really thinking about how we use the resources of this planet.

A Prayer for Balance for Students and others!

Help me, God, to find a balance
between study and leisure.
When work must be done,
let me realise that I am here to learn
and cannot be going to parties.
Let me also see that
life is more than books
and being a person comes before grades.
A snowball fight, a walk around a lake
or a simple talk with a friend
will do wonders when studies get me down.
Lord, guide me along this balanced line.
Amen.

Just a Thought: Sometimes we struggle with persistence. We can give up when things become difficult. We can lose hope when things don't turn out as we planned. We can even stop praying when we don't get what we ask for. Whatever our situation let us be persistent in our efforts by never giving up and recognising that God is always with us.
