#### **LIVING 'LAUDATO SI':**

This week be aware of and try to minimise the use of products that are made from or packaged with plastic. Plastic is unfriendly to the environment. It is produced from limited non-renewable oil reserves and it does not biodegrade. It is estimated that it takes 500 years for plastic to break down in a landfill. 'Account must also be taken of the pollution produced by residue, including dangerous waste present in different areas. Each year hundreds of millions of tons of waste are generated, much of it non-biodegradable, highly toxic and radioactive, from homes and businesses, from construction and demolition sites, from clinical, electronic and industrial sources. The earth, our home, is beginning to look more and more like an immense pile of filth.' (Laudato Si 21)

#### **A Student's Prayer for a New School Year**

Lord Jesus, I ask for Your help as I begin this new school year. Allow me to experience Your presence in the many blessings You put before me. Open my eyes to the new challenges and exciting opportunities that this new school year brings. Open my heart and mind to new friends and new teachers. Give me a generous spirit to be enthusiastic with my studies and courage to accept new opportunities. Help me to be attentive to my teachers and let me experience Your presence in all my friends. Jesus, inspire me to do my best this year! Amen
