What is Home?

Most people have forgotten nowadays what a home can mean, though some of us have come to realize it as never before. Home is a kingdom of its own in the midst of the world, a haven of refuge amid the turmoil of our age, a sanctuary. A home is not founded on the shifting sands of private or public life but has its peace in God. For it is God who gives a home its special meaning and dignity, its nature and privilege, its destiny and worth. Home is the place that God establishes for us in the world, A place where peace, quiet, respect, acceptance, and, to crown them all, happiness, may dwell, whatever else may pass away in the world.
